

**Consolidated Plan
Annual Action Plan
2019-20 DRAFT**

Program Year: July 1, 2019 - June 30, 2020

Executive Summary

AP-05 Executive Summary - 24 CFR 91.200(c), 91.220(b)

1. Introduction

The 2019 - 2020 Annual Action Plan is year two of the five year Consolidated Plan (July 1, 2018 – June 30, 2023.) The Virginia Department of Housing and Community Development (DHCD) developed this plan through a comprehensive statewide effort that included a needs assessment leveraging existing data, input sessions and surveys, and consultations with housing and social service agencies and other entities. DHCD will use the resulting plan and document to allocate Community Development Block Grant (CDBG), Emergency Shelter Grant (ESG), HOME Investment Partnership (HOME), Housing Opportunities for People with AIDS (HOPWA) program funds, and the National Housing Trust Funds (NHTF) within the Commonwealth of Virginia.

2. Summarize the objectives and outcomes identified in the Plan

This could be a restatement of items or a table listed elsewhere in the plan or a reference to another location. It may also contain any essential items from the housing and homeless needs assessment, the housing market analysis or the strategic plan.

The commonwealth is extremely diverse in its racial and ethnic composition, and there are numerous areas across the state with concentrated populations, including African American, Hispanic, Asian, and others. In addition, the state has multiple and varying housing and non-housing challenges. These challenges vary substantially from region to region.

The needs assessment and market analysis identified four priority needs:

- Lack of affordable housing
- Lack of housing for special needs populations
- Individuals and families experiencing homelessness
- Barriers to competitive and sustainable communities

Overall DHCD's goals are to target these federal resources (CDBG, ESG, HOME, HOPWA, and NHTF) and to leverage other state resources to address these needs by:

- Increasing access to affordable housing
- Increasing housing options for special needs populations
- Reducing homelessness
- Creating competitive and sustainable communities

DHCD works with many partners to accomplish these goals. These partners include units of local government, other state agencies, housing developers, Community Housing Development Organizations (CHDO), nonprofits, and regional planning groups.

While work on these goals is ongoing the commonwealth will incorporate other specific strategies to help meet these goals. These include a plan to address the barriers to fair housing, a plan to end homelessness, measures to address lead based paint hazards, and anti-poverty measures.

3. Evaluation of past performance

This is an evaluation of past performance that helped lead the grantee to choose its goals or projects.

Over the past year DHCD has made significant progress toward increasing the number of affordable housing units and working with localities to create competitive and sustainable communities. DHCD will continue activities and initiatives that have proven effective, as well as, look for opportunities to improve on the work that has been done in the past.

In addition, DHCD will continue work to decrease the number of people experiencing homelessness in Virginia. This work will also focus on reducing the length of time people are experiencing homelessness and reducing the number of people who return to homelessness. DHCD will leverage both state and federal (ESG) resources to focus on these goals.

4. Summary of Citizen Participation Process and consultation process

Summary from citizen participation section of plan.

DHCD public comment period opened in October of 2018 with a series of input session specific to the CDBG program. In January and February 2019, Action Plan sessions were held in:

Roanoke on January 28, 2019

Henrico County on January 29, 2019

Hampton on February 4, 2019

Woodbridge on February 5, 2019

A session planned for Abingdon was cancelled due to inclement weather. DHCD reached out to those who would be attending the cancelled session through a webinar.

Participants in the input sessions included:

- Private and public housing providers
- Homeless service and prevention providers
- Regional planning organizations
- Local government and housing authorities
- Other state agencies
- Nonprofit and government service providers
- Advocates

The input sessions focused on gathering feedback on priorities and strategies to address the homelessness, housing, and community development needs in Virginia. In addition to these sessions, DHCD held a public hearing, and accepted public written comments through April 19, 2019.

5. Summary of public comments

This could be a brief narrative summary or reference an attached document from the Citizen Participation section of the Con Plan.

Please see attached document for a summary of the written comments received.

6. Summary of comments or views not accepted and the reasons for not accepting them

All comments were accepted. Please see the attached summary for more details.

7. Summary

Please see attached document for a summary of the written comments received.

AP-10 Consultation - 91.110, 91.300(b); 91.315(l)

1. Introduction

The Commonwealth of Virginia initiated a statewide housing policy initiative in 2010. This initiative established the structure whereby Continuum of Care (CoC), private and public housing providers, and homeless and social services providers including Emergency Solution Grant (ESG) grantees came together to set goals and take action toward these goals. DHCD has played a central role in these efforts and has specifically consulted with CoCs, ESG grantees, and CDBG grantees as well as gathered broader public input specific to the Consolidated Plan.

Provide a concise summary of the state's activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies

Since 2010 Virginia has been using a collective impact approach to address the issue of homelessness. In 2011 the Governor's Coordinating Council on Homeless was created to shepherd the state homelessness plan. Co-chaired by the Secretary of Health and Human Resources and the Secretary of Commerce and Trade, the council's purpose besides overseeing the implementation of the state's plan is to address policy issues; oversee coordination among and between secretariats and state agencies; and enhance coordination and collaboration between state agencies and local organizations.

This council oversees the work of four committees including the Solutions Committee, which provides recommendations to the coordinating council regarding issues related to: rapid re-housing; permanent supportive housing; substance abuse; mental health; discharge planning/policies; and workforce. This committee works to coordinate state initiatives such as housing for the seriously mentally ill, the intersection of healthcare and housing, the intersection of criminal justice and homelessness. The coordinating council's Youth Committee focuses on, among other areas, the challenged schools project designed to provide stable housing to students who are experiencing homelessness and who are chronically absent.

Governor McAuliffe reinforced this approach through Executive Order 32, which called for establishing broad administrative goals and policy direction related to housing, and to use these to better coordinate and align administrative policymaking and initiatives across multiple secretariats within the executive branch.

Leadership and support of working collaboratively across systems continues within the Governor's office. Most recently, Governor Northam issued Executive Order 25, which emphasizes that the commonwealth must continue to work with public and private partners to address housing instability and homelessness; provide permanent supportive housing for vulnerable populations with special needs; and expand the supply of quality, affordable housing required to meet the needs of a growing

and diverse workforce. The commonwealth must also commit to fostering inclusive communities through the de-concentration of poverty and efforts to ensure fair housing is a priority.

Since 2014 the Housing and Supportive Services Interagency Leadership Team (ILT) has been in place to address the housing needs of special populations. Initially created in response to the Department of Justice Settlement around housing the intellectually/developmentally disabled population, the ILT has expanded its focus to include the housing needs of those with serious mental illness and those who are chronically homeless. Joining DHCD on this leadership team are the Virginia Housing Development Authority, the Department of Behavioral Health and Developmental Services, the Department of Medical Assistance Services, the Department for Aging and Rehabilitative Services, and the Virginia Department of Health.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness

Virginia has established statewide homeless outcome measures and restructured the funding processes to better align local CoCs with state and federal goals to reduce the number of individuals experiencing homelessness, to shorten the length of time persons are homeless, and to reduce the number of people returning to homelessness.

Interagency efforts guided by the Governor's Coordinating Council on Homelessness have established multiple coordinated work groups and committees with specific goals to work across agencies to include private and public coordination and leverage local continuum of care participation to address a number of priority efforts including ending veterans' homelessness, which was achieved in November 2015. Additional reductions have been made to reduce family homeless, which decreased 44% since 2010; chronic homelessness, which decreased 46% since 2010; and youth homeless, which decreased 25% since 2013.

Describe consultation with the Continuum(s) of Care that serves the State in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS

COCs provide input into how Virginia allocates ESG funds, the development of performance and evaluation outcomes, and the development of funding, policies, and procedures (for the administration of HMIS). This input has been provided through three primary methods:

- Action Plan Input Sessions
- Virginia Homeless Solution Program Input Sessions
- Governor's Coordinating Council on Homelessness, subcommittees, and local planning groups

Homeless input sessions are held every two years. DHCD held Homeless Solutions input sessions in October of 2017:

- Roanoke on October 3, 2017
- Prince William Co. on October 6, 2017
- Abingdon on October 4, 2017
- Hampton on October 12, 2017
- Richmond on October 13, 2017

Over 180 individuals representing localities, service providers, and CoCs participated in the five input sessions held across the state in 2017. Sessions focused on gathering feedback on the allocation of homeless services funding, including ESG. DHCD gathered input on restructuring fund allocation processes, transforming it from a competitive grantee application to a CoC-based or community-based process. This CoC-based process now allows DHCD to allocate state and federal (ESG and HOPWA) homeless service and prevention funding through 15 CoCs and 12 local planning groups for the Balance of State CoC. Feedback was gathered from CoC participants on the initial application process and CoC requirements for funding. DHCD also gathered feedback on CoC requirements for funding eligibility. These requirements included HMIS requirements, written CoC policies and procedures, and the alignment of local CoC strategies with state and federal goals. Action Plan Input Sessions were held in winter, 2017. More than 80 individuals participated including participation from:

Private and public housing providers

Homeless service and prevention providers

Regional planning organizations

Nonprofit and government service providers

Advocates

The input sessions focused on gathering feedback on priorities and strategies to address homelessness, housing, and community development needs in Virginia. Governor McDonnell's initial call for a Housing Policy Framework resulted in the formation of the Governor's Coordinating Council on Homelessness with broad representation across Virginia's CoCs. These five strategies are:

1. Increase the number of permanent supportive housing units in the commonwealth
2. Increase flexibility of funding to prevent homelessness and support rapid re-housing for individuals and families
3. Increase statewide data collection and system coordination
4. Increase access to substance abuse and mental health services
5. Evaluate, develop and ensure implementation of statewide, pre-discharge policies for the foster care system, hospitals, mental health facilities, and correctional facilities.

In addition to the input sessions and the work of the Council, DHCD gathered specific input from other state agencies and state and regional planning groups. This input was gathered through a combination of online survey responses and through key contacts at specific agencies. These contacts shared needs

assessment data to inform the development of priorities and provided feedback on specific priorities and strategies.

DHCD will be conducting another round of Virginia Homeless Solutions Program Input Sessions in fall, 2019.

Identify any Agency Types not consulted and provide rationale for not consulting

Both the Homeless Services and Consolidated Plan Input Sessions were broadly announced and open to all participants. DHCD reached out specifically to other state agencies where housing policy and service populations overlap through efforts such as the Governor's Coordinating Council on Homelessness. All input was welcomed. DHCD did not reach out to agencies outside of the human services, housing, and community and economic development domains or without shared client population concerns.

Other local/regional/state/federal planning efforts considered when preparing the Plan

Name of Plan	Lead Organization	How do the goals of your Strategic Plan overlap with the goals of each plan?
Continuum of Care	15 Local CoC Lead Agencies	Each Continuum of Care plan is aligned with state and national goals around ending homelessness.
Governor's Housing Policy Framework	DHCD/VHDA	Goals and strategies to increase the availability of affordable and accessible housing; reduce the number of individuals experiencing homelessness; to reduce the number returning to homelessness; and to create competitive and sustainable communities have been aligned to reduce duplicative efforts and maximize resources.
Opening Doors	US Interagency Council on Homelessness	Virginia's strategic plan and the Opening doors overlap in a number of ways. Specifically both are focused on retooling the homeless response system by transforming homeless services to crisis response systems that prevent homelessness and rapidly return people who experience homelessness to stable housing.

Name of Plan	Lead Organization	How do the goals of your Strategic Plan overlap with the goals of each plan?
VA Plan to Increase Independent Living Options	Department of Behavioral Health and Developmental Services	The state plan to increase the availability of independent living options for individuals with intellectual and other developmental disabilities.
VA Board for People with Disabilities State Plan	VA Board for People with Disabilities	This is a state plan for 2017 - 2021 to address the needs for people with disabilities and their families.
VHDA Strategic Plan	VHDA	The plan addresses the housing needs of special needs populations and increases overall affordability.
Housing the Seriously Mentally Ill	DHCD	This is a state plan to address the housing needs for individuals with serious mental illness.
Olmstead Plan	DARS	This is a state plan to address the housing and service needs of individuals with disabilities.

DHCD held three sets of input sessions. The Homeless Services Input Sessions are held every two years. These were last conducted in October 2017 and will be held again in fall 2019. CDBG inputs sessions were held in October 2018 and broader Action Plan input sessions occurred in January/February 2019. DHCD gathered input through these sessions, through an online option to submit electronically, and via written comments submitted via US Postal Services. The comment period remained open through April 19, 2019.

Table 5 - Expected Resources – Priority Table

Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied

The federal resources will be leveraged along with other state resources to provide affordable housing, community development, and to address issues impacting the causes of homelessness. These resources include state allocations to increase the number of permanent supportive housing and affordable housing units, to provide rapid re-housing and homeless assistance, to prevent homelessness, and state funds for the rehabilitation of homeowner units that lack indoor plumbing.

For the HOME program, the state will meet the required 25 percent match through:

- The present value of interest reductions of below-market-rate loans, where a project also receives HOME assistance;
- State general revenue funds that are contributed to housing projects assisted with HOME funds and meet the HOME affordability requirements; and/or
- The face value of State mortgage revenue bond loans (multi-family and single family loans).

CDBG projects do not have a specific match requirement, but applicants can enhance their competitiveness by incorporating local resources.

ESG requires a dollar for dollar match. DHCD will use state general funds appropriation for homeless prevention and homeless services as the match for the ESG program.

The HOPWA program does not have a match requirement.

If appropriate, describe publically owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

Not applicable.

Table 6 – Goals Summary

Goal Descriptions

AP-25 Allocation Priorities – 91.320(d)

Introduction:

DHCD seeks to improve the lives of Virginians by:

- Increasing the number of affordable housing units
- Increasing the number of affordable units to meet the needs of special needs populations
- Decreasing the number of individuals and families experiencing homelessness
- Creating competitive and sustainable communities

DHCD works to achieve these goals through:

- Leveraging of resources to support effective community programs working toward these goals
- Developing strategic partnerships to address barriers to achieving these goals
- Providing planning, coordination, and management of strategies to meet these goals

Funding Allocation Priorities

	Create Competitive and Sustainable Communities (%)	Reduce homelessness (%)	Increase housing options for special needs (%)	Increase access to affordable housing (%)	Total (%)
CDBG	100	0	0	0	100
HOME	0	0	25	75	100
HOPWA	0	0	100	0	100
ESG	0	100	0	0	100
NHTF	0	0	25	75	100

Table 7 – Funding Allocation Priorities

Reason for Allocation Priorities

DHCD also administers state resources toward these goals. DHCD makes these HUD funding allocation priorities in coordination with the state funds and other resources such as the Low Income Housing Tax Credit allocated through the Virginia Housing Development Authority (VHDA).

How will the proposed distribution of funds will address the priority needs and specific objectives described in the Consolidated Plan?

HOME and NHTF resources will be leveraged to address the affordable and special needs housing priority needs. Specifically these funds will be used to fund rental rehabilitation and new construction projects that will add additional affordable housing units and/or preserve existing affordable units based on local needs. These funds will be used in exiting homeowner units, rental projects, and homebuyer development projects to increase the availability of accessibility units for special needs populations. Funds will also be used to develop permanent supportive housing units to help address housing needs of chronically homeless individuals.

HOPWA funds are limited to income eligible individuals with HIV/AIDS and their families. These funds will help provide affordable housing units for this population.

ESG will be fully leveraged along with other state resources to reduce the number of individuals and families experiencing homelessness. These funds will also focus on shortening the length of time people experience homelessness and reduce the number of individuals returning to homelessness.

CDBG will be used to address locally identified needs to develop competitive and sustainable communities. These funds will be used in a number of ways including developing public facilities and/ infrastructures, creating/retaining jobs, developing affordable housing opportunities, and providing assistance to local business.

AP-30 Methods of Distribution – 91.320(d)&(k)

Introduction:

This section provides a summary of the methods of distribution for each of program administered by DHCD designed to allocate these federal resources (CDBG, HOME, ESG, NHTF and HOPWA). Please see program guidelines, located online at www.dhcd.virginia.gov for more details. The program guideline details include specifics about eligible applicants, areas of the state covered by the program, eligible activities, the type of assistance available, and how to apply (if applicable) for funding.

Distribution Methods

Table 8 - Distribution Methods by State Program

State Program Name:	Affordable and Special Needs Housing
Funding Sources:	HOME NHTF
Describe the state program addressed by the Method of Distribution.	The Affordable Housing and Special Needs Housing program provides flexible, below-market-rate loans to projects that create or preserve affordable housing for lower-income Virginians. Broadly, eligible activity types include rental and homebuyer rehabilitation and new construction. Please see the Affordable and Special Needs Housing program guidelines for more details. DHCD allocates National Housing Trust Funds through the ASNH program. Please see the NHTF Allocation Plan for more details.

<p>Describe all of the criteria that will be used to select applications and the relative importance of these criteria.</p>	<p>HOME and NHTF allocations assigned to the Affordable and Special Needs Housing program will be distributed through a competitive application process that evaluates applicant projects on:</p> <ul style="list-style-type: none"> • Meeting critical needs (worth 40 points) • Feasibility -likelihood of projects coming to a timely completion (worth 30 points) • Developer capacity -ability to successfully complete projects and deliver affordable housing (worth 30 points) <p>DHCD will give HOME funding priority to projects located in non-HOME entitlement localities, CHDO projects, special needs projects and innovation.</p> <p>DHCD will give NHTF priority to project targeted to special needs and innovation.</p> <p>DHCD staff will review all applications received by the deadline. Applications not meeting established thresholds for funding will not be eligible. Any applicant may request comments and feedback from DHCD staff. All applicants must score at least 60 points on the application in order to be qualified for funding. DHCD will rank all qualified applications based on score and the highest scoring applicants will receive a funding commitment from DHCD based on project needs, up to the amount of funds available for the application period. If the full amount of available funding is not committed, it is carried forward into the next application period, as needed, to be made available to proposals meeting threshold requirements and scoring at least 60 points.</p> <p>Applicants that have outstanding audit or monitoring findings, unresolved IRS findings, and/or applicants not in compliance with previous DHCD agreements are ineligible for funding. Eligible applicants must be qualified developers of affordable housing, including certified CHDOs undertaking CHDO-eligible activities throughout the Commonwealth of Virginia. All funds are intended for use with other types of financing including, but not limited to, low income housing tax credits, bond financing, and other public and private funds. Please note that HOME and NHTF compliance requirements apply. Other funding source requirements must be compatible with HOME program requirements.</p> <p>DHCD allocates NHTF through ASNH program. Please see the NHTF Allocation Plan for more details.</p>

If only summary criteria were described, how can potential applicants access application manuals or other state publications describing the application criteria? (CDBG only)	Not applicable.
Describe the process for awarding funds to state recipients and how the state will make its allocation available to units of general local government, and non-profit organizations, including community and faith-based organizations. (ESG only)	Not applicable.
Identify the method of selecting project sponsors (including providing full access to grassroots faith-based and other community-based organizations). (HOPWA only)	Not applicable.

<p>Describe how resources will be allocated among funding categories.</p>	<p>DHCD will allocate funding by funding category based on submitted proposals, local market and need, and project eligibility. These categories include rental new construction, rental rehabilitation, and homebuyer development. NHTF is limited to rental projects and units targeted at 30 percent and below AMI.</p>
<p>Describe threshold factors and grant size limits.</p>	<p>All proposals must meet threshold requirements for funding. These include:</p> <ul style="list-style-type: none"> • Eligible project type • Eligible activity type • Eligible applicant (no outstanding findings) • Local match (25 percent) provided for projects in HOME entitlement areas • Proposal meets uniform relocation requirements • Proposal meets accessibility requirements • Must score at least 60 points <p>Maximum funding amounts are \$800,000 for special needs projects and \$700,000 for all other eligible projects. DHCD may charge up to an additional \$10,000 in project related costs for costs accrued by DHCD.</p> <p>DHCD allocates NHTF through ASNH program. Please see the NHTF Allocation Plan form more details.</p> <p>Any remaining balances not allocated through the 2019/2020 application process will be carried over and allocated during the first round on the 2020/2021 round of ASNH applications.</p>

What are the outcome measures expected as a result of the method of distribution?	DHCD anticipates funding approximately fifteen affordable housing projects through this open RFP process. The actual types, size, composition of projects will be based on this competitive process and will vary based on overall quantitative and quality of the proposal received, the local housing markets, and relative local need. Based on statewide trends and housing markets DHCD expects that most of the funded projects will be rental projects with at least some of these targeting special needs populations.
State Program Name:	CDBG Competitive Grants
Funding Sources:	CDBG
Describe the state program addressed by the Method of Distribution.	Competitive funds can be used to provide infrastructure for new or expanding industries, provide new or improved water and sewer systems in rural areas, rehabilitate housing in declining neighborhoods, revitalize commercial districts, provide support to small businesses, and provide facilities for a variety of needed services, such as health clinics in underserved areas. Applicants are required to prove that their project will meet one of three broad national objectives: principally benefit low- and moderate- income persons; prevent or eliminate slums or blight; or address an urgent community development need (public emergency or health threat).

<p>Describe all of the criteria that will be used to select applications and the relative importance of these criteria.</p>	<p>Most CDBG assistance is distributed in the form of Competitive Grants with proposals due in the spring of each year. As the name suggests, these grants are awarded following competitive evaluation of project proposals. Approximately \$13.6 million will be available for Competitive Grants in 2019.</p> <p>There are five primary project types under the Competitive option:</p> <ul style="list-style-type: none"> • Comprehensive Community Development • Economic Development • Housing • Community Facility • Community Service Facility <p>Competitive grant proposals received by DHCD are evaluated qualitatively and quantitatively scored according to a 1000 point scale based on the items identified below. The highest ranking proposals are recommended for funding. Proposals are funded, in order of the ranking, to the greatest extent allowed by available funding. Following the closing date of the non-competitive programs, any funds remaining in the non-competitive programs and any program income received during the year are recaptured and made available to fund the next highest ranking competitive proposals. The next highest ranking additional proposals are funded to the greatest extent allowable by available funding.</p> <p>All competitive proposals are scored on a scale of 1000 points with the following point values:</p> <ul style="list-style-type: none"> • Composite Fiscal Stress (Maximum of 180 points) • Regional Priorities (Maximum of 50 points) • Project Needs and Outcomes (Maximum of 145 points) • Costs and Commitment (Maximum of 145 points) • Readiness and Capacity (Maximum of 150 points) • Impact (Maximum of 130 points) • Meeting a National Objective (Maximum of 200 points)

State Program Name:	CDBG Open Submission
Funding Sources:	
Describe the state program addressed by the Method of Distribution.	Approximately is \$9,150,000 is available under the Open Submission Programs. Proposals are received on an open basis from January 1 through the end of September, or until all funds awarded.

<p>Describe all of the criteria that will be used to select applications and the relative importance of these criteria.</p>	<p>The Community Economic Development Fund (CED) is designed to support economic development activities, particularly those creating employment opportunities for low- and moderate-income persons, in CDBG-eligible localities. Assistance is limited to projects involving employment creation by private, for-profit basic industries. Assistance may include off-site improvements such as water lines, sewer lines, roads, and drainage. On-site assistance may be eligible in some projects, but these projects are subject to underwriting and the CDBG assistance will be made available as a loan to the locality.</p> <p>The Construction-Ready Water and Sewer Fund (CRWSF) program has been established to provide for the construction of community facility projects providing public water or sewer service to communities made up of at least 60% low- moderate- income (LMI) households or a town-wide project serving at least 55% LMI households. Only localities that are eligible for Virginia non-entitlement CDBG funds, as identified in the 2019 CDBG Program Design, are eligible to receive CRWSF monies.</p> <p>The Community Development Local Innovation Fund provides resources for the implementation of new, innovative, and/or timely community development projects. The Local Innovation Program targets funding for innovative, small-scale pilot projects, such as Individual Development Account programs, loan programs to support economic restructuring activities, construction trades training programs, entrepreneurship development, heritage tourism, telecommunications, projects, or other efforts which provide unique, unmatched benefits to eligible Virginia communities.</p> <p>The Regional Water/Wastewater Fund is designed to address water and wastewater improvements on a regional scale. For Regional Water/Wastewater Fund projects, one local government must be designated the lead locality. The lead locality and all participating localities must, prior to receiving a contract with DHCD, enter into a legally binding cooperative agreement to ensure equitable project implementation and compliance with all applicable regulations. Regional Water/Wastewater Fund projects must be contained to a single area which includes portions of adjacent CDBG-eligible localities.</p>
--	---

	Open Submission projects will receive funding on an open, first-come, first-served basis between January 1, 2019 and September 30, 2019. Projects that meet one or more CDBG national objectives and meet the below stated criteria will be offered an award as long as funds are still available.

State Program Name:	Down Payment Assistance
Funding Sources:	HOME

<p>Describe the state program addressed by the Method of Distribution.</p>	<p>DPA provides down payment and closing costs assistance to income eligible (80 percent or below AMI) first-time homebuyers to obtain homes that are decent, safe and accessible. The program goal is to provide homeownership opportunities to households that otherwise may not have the opportunity to own a home. By providing these opportunities, DHCD helps to sustain affordable housing units and overall growth in personal wealth and equity for low-income Virginians. The DPA program seeks to provide this assistance statewide through local sub-recipients that provide comprehensive homeownership services including for example housing counseling, debt repair services, and foreclosure prevention.</p>
---	---

<p>Describe all of the criteria that will be used to select applications and the relative importance of these criteria.</p>	<p>DPA is administered on a calendar year with the next grant year beginning January 1, 2020. DPA will be administered by regional state sub-recipients selected through a competitive application process prior to the start program year. Sub-recipient selections are made as a result of an open competitive application process whereby proposals meeting threshold requirements are scored and ranked based on the following categories:</p> <ul style="list-style-type: none"> • Need (40 percent) • Organizational capacity (30 percent) • Program approach (30 percent) <p>Applicants must be a non-profit or a unit of government targeting services to individuals living within Virginia. All nonprofit applicants must have and be current on 990 filings (not applicable to units of government). Applicants must demonstrate the ability to manage all applicable state and federal policies and procedures including compliance with federal and state non-discrimination laws. Applicants must be experienced with providing similar assistance and should provide a comprehensive approach to homeownership. All applicants must demonstrate the ability to coordinate DPA assistance with other HOME funds or other types of assistance. Applicants must have established internal control and fiscal accounting procedures and be able to track agency and program budgets by revenue sources and expenses. Applicants with outstanding audit findings, IRS findings, DHCD monitoring findings or other compliance issues are not eligible applicants and any sub-recipient selected for funding will not be eligible for subsequent allocations if any of these conditions occur.</p> <p>Please note that DHCD will work with all interested parties toward the resolution of unresolved matters, where appropriate. Applicants must demonstrate the ability to meet all reporting and record keeping requirements.</p> <p>Please note, 2019 (January 1 - December 31) is year-two of a two year funding cycle. A RFP for 2019/2020 funding will be issued in the Fall of 2019.</p>

<p>Describe how resources will be allocated among funding categories.</p>	<p>In the DPA program, HOME funds are limited to needed down payment and closing costs, the costs associated with conducted required inspections, and housing counseling.</p>
<p>Describe threshold factors and grant size limits.</p>	<p>Applicants for sub-recipient contracts must meet threshold requirements from above and score at least 60 points based on a panel review of each proposal. Grant sizes to sub-recipient were awarded based on score, local market, and available funds. Assistance to homebuyers is based on underwriting criteria and based on need. Please note, 2019 (January 1 - December 31) is year-two of a two year funding cycle.</p> <p>Any balance not expended during the 2019/2020 program year will be allocated to DPA 2020/2021.</p>
<p>What are the outcome measures expected as a result of the method of distribution?</p>	<p>DHCD anticipates assisting approximately 80 low/moderate income first-time homebuyers (households) with the DPA method of distribution.</p>

State Program Name:	Indoor Plumbing Rehabilitation
Funding Sources:	
Describe the state program addressed by the Method of Distribution.	The Indoor Plumbing Rehabilitation/Loan Program (IPR) provides 0% interest loans in non-entitlement cities and counties of Virginia to low- to moderate-income (LMI) owner-occupants of substandard housing where indoor plumbing does not exist or the waste disposal system has failed.
Describe all of the criteria that will be used to select applications and the relative importance of these criteria.	The program year begins July 1 through June 30 concurrent with the state fiscal year. The program provides complete indoor plumbing for LMI households and also provides for the general rehabilitation of these units, and for accessibility improvements or relief from overcrowded conditions, as needed, once the primary income, ownership and failed plumbing criteria are met.
If only summary criteria were described, how can potential applicants access application manuals or other state publications describing the application criteria? (CDBG only)	Not Applicable

<p>Describe how resources will be allocated among funding categories.</p>	<p>The Department of Housing and Community Development will contract with eight regional sub-recipients (non-profit housing providers and a planning district commission) to administer the IPR program. Each sub-recipient will receive a specified initial allocation and the balance will be distributed based on performance. All to be allocated to homeowner rehabilitation activities.</p>

Describe threshold factors and grant size limits.	The sub-recipients are responsible for most program operations including outreach, application intake, beneficiary and property eligibility determination, financial packaging, construction management, and loan servicing. Each subrecipient has direct ties to the community via its local housing rehabilitation advisory board and local implementation partners. The beneficiary household must be low- to moderate-income, owner occupied and must lack complete indoor plumbing. Generally, the maximum rehabilitation limit is \$94,000 plus soft costs.
What are the outcome measures expected as a result of the method of distribution?	DHCD anticipates completing approximately 50 homeowner rehabilitation activities.
State Program Name:	Rural Homeowner Rehabilitation
Funding Sources:	HOME
Describe the state program addressed by the Method of Distribution.	Rural Homeowner Rehabilitation Program will provide financial assistance in the form of a zero percent interest forgivable loans to assist income eligible homeowner in non-HOME entitlement localities. State Program Name:	Virginia Homeless Solutions Program (VSHP)
Funding Sources:	HOPWA ESG
Describe the state program addressed by the Method of Distribution.	<p>The goals of the Virginia Homeless Solutions Program are:</p> <ul style="list-style-type: none"> • To reduce the number of individuals/households who become homeless; • To shorten the length of time an individual or household is homeless; and • To reduce the number of individuals/households that return to homelessness. <p>DHCD will meet these goals through supporting Continuum of Care (CoC) strategies and homeless service and prevention programs that align with these goals.</p>

<p>Describe all of the criteria that will be used to select applications and the relative importance of these criteria.</p>	<p>All funding requests must be justified by the application and meet a 60 point threshold for funding. DHCD reserves the right to make funding commitments below 60 points to assure geographic coverage. Scoring criteria are as follows:</p> <ul style="list-style-type: none"> • Need -25 points • Approach -25 points • Local Coordination -25 points • Capacity -25 points <p>Actual funding will be based on the following:</p> <ul style="list-style-type: none"> • Requested amount (total request and spending plan) • Available funds • Application score • Local need • Alignment with state and federal strategies • Approach (proposed grantees, activities, and organizational capacity) • Negotiations <p>Applications are scored lower where ineligible activities or activities that are not aligned with state and federal goals to prevent and reduce homelessness are proposed. Lower scores impact actual funding level. Spending requests are reduced based on ineligible activities, where activities are not in alignment with state and federal goals, and/or where proposed grantees are either ineligible or lack the capacity to carry out proposed activities. DHCD meets with each CoC to negotiate needed adjustments to proposed activities and spending plans.</p> <p>Please note, the 2019 – 2020 program year is year-two of a two year funding cycle. Year two funding is a renewal based prior year performance and available funds.</p>

What are the outcome measures expected as a result of the method of distribution?	DHCD anticipates serving 175 households with TBRA and STRMU through the HOPWA funding stream. An additional 400 households will be transitioned quickly from homelessness to permanent housing with ESG rapid re-housing assistance.
State Program Name:	Virginia Homeless Solutions Program (VSHP)
Funding Sources:	HOPWA ESG
Describe the state program addressed by the Method of Distribution.	<p>The goals of the Virginia Homeless Solutions Program are:</p> <ul style="list-style-type: none"> • To reduce the number of individuals/households who become homeless; • To shorten the length of time an individual or household is homeless; and • To reduce the number of individuals/households that return to homelessness. <p>DHCD will meet these goals through supporting Continuum of Care (CoC) strategies and homeless service and prevention programs that align with these goals.</p>

<p>Describe all of the criteria that will be used to select applications and the relative importance of these criteria.</p>	<p>All funding requests must be justified by the application and meet a 60 point threshold for funding. DHCD reserves the right to make funding commitments below 60 points to assure geographic coverage. Scoring criteria are as follows:</p> <ul style="list-style-type: none"> • Need -25 points • Approach -25 points • Local Coordination -25 points • Capacity -25 points <p>Actual funding will be based on the following:</p> <ul style="list-style-type: none"> • Requested amount (total request and spending plan) • Available funds • Application score • Local need • Alignment with state and federal strategies • Approach (proposed grantees, activities, and organizational capacity) • Negotiations <p>Applications are scored lower where ineligible activities or activities that are not aligned with state and federal goals to prevent and reduce homelessness are proposed. Lower scores impact actual funding level. Spending requests are reduced based on ineligible activities, where activities are not in alignment with state and federal goals, and/or where proposed grantees are either ineligible or lack the capacity to carry out proposed activities. DHCD meets with each CoC to negotiate needed adjustments to proposed activities and spending plans.</p> <p>Please note, the 2019 – 2020 program year is year-two of a two year funding cycle. Year two funding is a renewal based prior year performance and available funds.</p>

The application submitted by the lead CoC organization has to identify the local process for decision-making and the proposed grantees to be responsible for carrying out the HOPWA and ESG eligible activities. Eligible grantees include community and faith-based non-profits and units of local governments. There are 16 CoCs in the state of Virginia including the Balance of State CoC. The balance of State CoC includes 90 localities and is organized into 12 separate planning groups. For the purpose of this application these planning groups are considered CoCs.</p> <p>Written agreements for the upcoming program year will be issued to individual grantees by July 1, 2019. Please note, the 2019– 2020 program year is year-two of a two year funding cycle. Year two renewals amounts will be based on available funding and year-one performance.</p>

<p>Describe threshold factors and grant size limits.</p>	<p>Grantees are funded as a result of a CoC-based application process. The CoC-based application identified specific organizations that will carry out ESG and HOPWA activities. DHCD contracts directly with these individual organizations or grantees. Grantees must be non-profits or units of local government and current on 990 filings (not applicable to units of government). See the Other Requirements section of this document for more details on limits to funding primarily religious organizations.</p> <p>Grantees must be in compliance with program guidelines and applicable state and federal policies and procedures, including compliance with federal and state non-discrimination laws. Grantees must have established standard accounting practices including internal controls, fiscal accounting procedures and cost allocation plans, and be able to track agency and program budgets by revenue sources and expenses.</p> <p>Grantees with outstanding audit findings, IRS findings, DHCD monitoring findings or other compliance issues are not eligible grantees and any grantee will not be eligible to receive allocations if any of these conditions occur within the grant period. Please note that DHCD will work with all interested parties, where appropriate, toward the resolution of unresolved matters. Recent prior funding agreements must be within the past two years for one or more of DHCD's homeless or special needs services programs (HOPWA or VHSP). An organizational assessment includes a review of organization finances, accounting standards, internal controls, grievance policies, record keeping policies, confidentiality practices, conflict of interest policies, and fair housing practices. DHCD reserves the right to require and conduct organizational assessments of any proposed grantee prior to the execution of any agreement.</p> <p>Please note, the 2019 – 2020 program year is year-two of a two year funding cycle. Year two renewals amounts will be based on available funding and year-one performance.</p>

What are the outcome measures expected as a result of the method of distribution?	DHCD anticipates serving 175 households with TBRA and STRMU through the HOPWA funding stream. An additional 400 households will be transitioned quickly from homelessness to permanent housing with ESG rapid re-housing assistance.

AP-50 Geographic Distribution – 91.320(f)

Description of the geographic areas of the state (including areas of low-income and minority concentration) where assistance will be directed

This Action Plan is for a State grantee. The commonwealth is extremely diverse in its racial and ethnic composition, and there are numerous areas across the state with concentrated populations, including African American, Hispanic, Asian, and others. The commonwealth's methods of distribution selects projects and proposals targeted at meeting priority local needs and during implementation, steps are taken to affirmatively further fair housing.

Rationale for the priorities for allocating investments geographically

There are concentrations of poverty in every region of the state. This concentration varies based on local factors. The commonwealth's methods of distribution will select project sand proposals that address these needs within the context of local and regional needs.

AP-60 Public Housing - 24 CFR 91.320(j)

Introduction:

Please see below for action taken to address the needs of public housing.

Actions planned during the next year to address the needs to public housing

Public housing authorities are eligible applicants for the state's HOME Affordable and Special Needs Housing program. This is an open competitive application process for affordable housing (homebuyer and rental projects). While assistance cannot be provided in public housing units, these funds may be used in projects that transition units and public housing residents from public housing. In addition several Rental Assistance Demonstration (RAD) projects have applied for and received Affordable and Special Needs Housing (HOME and NHTF) commitments.

Actions to encourage public housing residents to become more involved in management and participate in homeownership

DHCD supports PHAs and projects that encourage residents to become more involved in the management of rental properties. All CHDO projects must include residents in planning and management.

If the PHA is designated as troubled, describe the manner in which financial assistance will be provided or other assistance

There are no PHAs in Virginia with a troubled status.

AP-65 Homeless and Other Special Needs Activities – 91.320(h)

Introduction

The Commonwealth of Virginia has established a policy framework and the infrastructure to address homelessness and to better serve special needs populations. The policy framework, Governor's Coordinating Council on Homelessness, and the associated committees, subcommittees, and workgroups are organized around priorities such as youth homelessness, solutions, data, family and chronic homelessness, and veterans.

Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

Since 2010, the commonwealth has decreased overall homelessness by 33%. The goal is to continue the decline annually through the administration of ESG, HOPWA, and state homeless assistance funding.

By focusing on community coordination of a crisis response system that includes outreach, coordinated entry and assessment, targeted prevention, low-barrier and housing focused emergency shelter, and housing first permanent housing solutions, the commonwealth seeks positive outcomes for the following goals:

- Decreasing the number of individuals experiencing homelessness
- Decreasing the length of time households are homeless
- Reducing the number of households returning to homelessness

Addressing the emergency shelter and transitional housing needs of homeless persons

In cases where the prevention of homelessness is not possible or safe, emergency shelter is supported as a temporary measure. DHCD funds shelter operations that are low-barrier, housing-focused emergency shelter for households experiencing homelessness in Virginia. Types of shelters may include scattered site, congregate, seasonal, or hotel/motel vouchers.

DHCD does not fund transitional housing (TH), but all resources are leveraged with those throughout the commonwealth's CoCs and where TH is deemed appropriate, HUD CoC funds are requested.

The goals of all shelter stays are:

- First, quickly obtain permanent housing
- Second, to obtain housing stability

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to

permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

The commonwealth has adopted these goals and through the CoC-based funding application is able to ensure CoC/ LPGs are making community-based decisions to ensure each CoC/LPG has an effective crisis response system.

An effective crisis response system is able to identify and quickly connect people who are experiencing or are at risk of experiencing homelessness to housing assistance and other services. It works because it aligns a community, its programs and services around one common goal – to make homelessness rare, brief, and nonrecurring.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs

The commonwealth leverages state resources to prevent households from becoming homeless. These resources are targeted to households seeking shelter who are currently housed by at imminent risk of homelessness (within 14 days).

The following are examples of situations where prevention from homelessness may be feasible:

- Household living in someone else's unit (doubled up) where the right to occupy has been terminated
- Household living in their own unit where housing loss within 14 days is imminent and homelessness could be averted
- Household living in hotel/motel (paid for by household) and the household is unable to pay for additional nights

Prevention assistance is limited to those households who will imminently lose their primary nighttime residence within 14 days, household income must be below 30 percent of AMI with no more than \$500 in assets (including all checking, savings, retirement accounts, stocks, bonds, mutual funds, and real estate).

Additionally, the commonwealth participates in numerous state level committees to address the intersections of homelessness and health care, mental health, criminal justice and the foster care system).

AP-70 HOPWA Goals – 91.320(k)(4)

One year goals for the number of households to be provided housing through the use of HOPWA for:	
Short-term rent, mortgage, and utility assistance to prevent homelessness of the individual or family	150
Tenant-based rental assistance	50
Units provided in permanent housing facilities developed, leased, or operated with HOPWA funds	0
Units provided in transitional short-term housing facilities developed, leased, or operated with HOPWA funds	0
Total	200

AP-75 Barriers to affordable housing – 91.320(i)

Introduction:

The following are key barriers to fair housing in Virginia. DHCD structures policies and programs to help address the barriers and helps to inform localities of the barriers and their responsibility to help address the impediments to fair housing.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

1. Discrimination in the rental and sales housing markets. Particularly, discrimination based on disability and race:

- Increase testing and enforcement efforts in the rental and sales housing markets to ensure that members of protected classes are being offered an equal opportunity to access all housing options in their communities; publicize results of testing programs.
- Increase education efforts for landlords, leasing agents, and real estate professionals about their fair housing responsibilities; in particular, stress the importance of making reasonable accommodations for persons with disabilities
- Increase education efforts for individuals seeking housing so they are aware when they are victims of discrimination and so that they are aware of their options to resolve the situation.
- Increase enforcement of affirmative marketing of affordable housing options to members of the protected classes.

2. Constraints in the mortgage lending market. Minorities experience higher denial rates in the mortgage markets at all income levels, particularly at the lowest income levels in the conventional loan market:

- Increased oversight of mortgage lending and denial practices.
- First-time homebuyer education, affirmatively marketed to minorities.
- Continued support of financial literacy and credit counseling initiatives.
- Increased awareness regarding the availability of Federal Housing Administration (FHA) and other government supported loans.
- Reassess HMDA data once 2018 changes have occurred which include additional applicant data (including creditworthiness).

3. Additional fair housing education among real estate agents, landlords, housing providers, local officials, and especially, individuals is needed. Training available outside the major metro areas is needed:

- Increase fair housing educational opportunities for renters and homebuyers; in particular, members of the protected classes.

- Increase the availability of seminars and classes for housing providers regarding fair housing law; expand such educational opportunities to include rural and non-metro areas, consider online venues.
- Up-to-date, relevant, and clearly written fair housing materials for individuals made readily available on multiple state websites and in housing providers' offices.
- Encourage housing providers and other relevant stakeholders to utilize social networking and social media to inform both clients and landlords of fair housing policy.

4. Availability and access to quality affordable housing; there are a large number of low-income households in need of affordable housing and there are a large number of cost-burdened households, especially in the rental housing market. "Crowding out," and combined transportation and housing costs are areas of concern regarding affordable housing:

- Continued support of federal, state, and local efforts to preserve and produce quality affordable housing.
- Continued support of partnerships between nonprofit, state, local, and federal partners to efficiently leverage resources for the production of affordable housing.
- Support of public-private partnerships that create affordable and mixed-income housing.
- Support of efforts that match appropriately priced housing with varied transportation options.
- Promote the use of housing databases such as those offered by the Virginia Housing Development Authority (VHDA), <http://www.virginiahousingsearch.com/>.

Please see the full Analysis of the Impediments, located of DHCD's website, for more details.

AP-85 Other Actions – 91.320(j)

Introduction:

The Commonwealth of Virginia has established a Housing Policy Framework that includes a number of working committees that actively work to address underserved needs in Virginia. These committees are working to improve interagency coordination, to improve service coordination outcomes, and to address barriers.

Actions planned to address obstacles to meeting underserved needs

DHCD structures programs, policies, and procedures to help address underserved needs. These efforts include partnerships with affordable housing developers and the local housing authorities as well as other community development organizations. In addition, DHCD leverages HOME and CDBG funds with state resources to provide financial and technical assistance to affordable housing development projects across the commonwealth.

Actions planned to foster and maintain affordable housing

DHCD structures programs, policies, and procedures to help foster and maintain affordable housing in the commonwealth. These efforts include partnerships with affordable housing developers and the local housing authorities as well as other community development organizations. In addition, DHCD leverages HOME and CDBG funds with state resources to provide financial and technical assistance to affordable housing development projects across the commonwealth.

Actions planned to reduce lead-based paint hazards

DHCD seeks to reduce lead-based paint hazards through the selection of projects meeting lead-based paint standards and well as through monitoring and oversight of this cross-cutting federal requirement.

Actions planned to reduce the number of poverty-level families

A number of DHCD programs support efforts to reduce the number of poverty-level families. These efforts include construction projects where assisted projects are required to provide local benefit in the form of hiring and/or contracting with qualified (local and low-income) individuals or businesses. In addition, DHCD leverages small businesses as well as other community development resources to develop economic opportunity in areas where employment and economic benefits are limited. DHCD also promotes access to affordable housing in areas of opportunity.

Actions planned to develop institutional structure

The Commonwealth of Virginia has established a Housing Policy Framework that includes a number of

working committees that actively work to address underserved needs in Virginia. These committees are working to improve interagency coordination, to improve service coordination and outcomes, to address barriers, and to establish the necessary institutional structures.

Actions planned to enhance coordination between public and private housing and social service agencies

The Housing Policy Framework and committee structure is composed of public and private housing providers and social services agencies that are working together across multiple subpopulations and state and federal agencies to enhance coordination. In addition, the Housing and Supportive Services Interagency Leadership Team, which is comprised of agency heads of state agencies, is actively working to improve the integration of community-based housing and services for individuals with intellectual and developmental disabilities and for those with serious mental illness.

AP-90 Program Specific Requirements – 91.320(k)(1,2,3)

Introduction:

This section includes other program-specific requirements.

Community Development Block Grant Program (CDBG)

Reference 24 CFR 91.320(k)(1)

Projects planned with all CDBG funds expected to be available during the year are identified in the Projects Table. The following identifies program income that is available for use that is included in projects to be carried out.

1. The total amount of program income that will have been received before the start of the next program year and that has not yet been reprogrammed	50,000
2. The amount of proceeds from section 108 loan guarantees that will be used during the year to address the priority needs and specific objectives identified in the grantee's strategic plan.	0
3. The amount of surplus funds from urban renewal settlements	0
4. The amount of any grant funds returned to the line of credit for which the planned use has not been included in a prior statement or plan	0
5. The amount of income from float-funded activities	0
Total Program Income:	50,000

Other CDBG Requirements

1. The amount of urgent need activities	1
2. The estimated percentage of CDBG funds that will be used for activities that benefit persons of low and moderate income. Overall Benefit - A consecutive period of one, two or three years may be used to determine that a minimum overall benefit of 70% of CDBG funds is used to benefit persons of low and moderate income. Specify the years covered that include this Annual Action Plan.	80.00%

HOME Investment Partnership Program (HOME)

Reference 24 CFR 91.320(k)(2)

1. A description of other forms of investment being used beyond those identified in Section 92.205 is

as follows:

The commonwealth utilizes only forms of investment included in Section 92.205.

2. A description of the guidelines that will be used for resale or recapture of HOME funds when used for homebuyer activities as required in 92.254, is as follows:

Recapture Provision: Direct Buyer Assistance

Homebuyer HOME-assisted units structured as direct buyer assistance are subject to a recapture provision that ensures that DHCD recovers its HOME investment in the event of voluntary or involuntary transfer of the property during the period of affordability. Direct homebuyer assistance consists of any financial assistance that reduces the purchase price from fair market value to an affordable price, or otherwise subsidizes the purchase (e.g., downpayment or closing costs assistance). Please note that in some instances, there may also be HOME assistance toward development costs along with direct homebuyer assistance. In these cases the amount to be recaptured is limited to the amount of direct buyer assistance/subsidy (and does not include the development assistance).

The homebuyer must maintain the property as their principal residence throughout the period of affordability. If the property is voluntarily or involuntarily transferred during the period of affordability, the property is subject to the recapture provisions outlined here.

Virginia will use the recapture provision at §92.254(a)(5)(ii)(1) and recapture the entire amount of the direct HOME subsidy. The total original amount of the direct buyer assistance is recaptured from the net proceeds in the case of sale, refinance (see exception below), or foreclosure. Net proceeds are defined as the sales price minus superior loan repayment (other than HOME funds) and any closing costs. In these cases, the required amount returned (total assistance amount from net proceeds) is due and payable in full to DHCD. The HOME recaptured amount may not exceed available net proceeds. In the event net proceeds are insufficient to recover the full amount due, the DHCD will recapture the available net proceeds and the HOME obligation will be satisfied. The HOME assistance may not be subordinated to refinancing of the first lien position primary mortgage or an equity loan or line of credit during the period of affordability except under special hardship conditions at DHCD's discretion.

Affordability requirements are secured by a Restricted Deed of Covenant in the amount of direct assistance. In addition, DHCD executes an agreement with the homebuyer to secure the affordability requirements (terms of recapture, principal residency requirement, and noncompliance.) If the property is not sold or transferred during the affordability period, the HOME loan is forgiven in full at the end of the affordability period.

Resale Requirement: (Homebuyer Development Subsidy Only)

In situations where the HOME assistance is structured as a development subsidy only (i.e., there is no direct subsidy to the homebuyer and the only HOME assistance is the amount of funds between the total cost to rehabilitate or construct the unit and the fair market value), Virginia requires the use of a resale provision. This means, upon voluntary or involuntary transfer of the property within the applicable affordability period, the home must be resold to an income eligible homebuyer at an affordable price, and the original homebuyer must receive a fair return on his/her investment.

The full provision is on file with the HUD field office.

3. A description of the guidelines for resale or recapture that ensures the affordability of units acquired with HOME funds? See 24 CFR 92.254(a)(4) are as follows:

Reasonable Range of Low-Income Buyers

A “reasonable range of low-income buyers” is defined in the VA Program as a household or family with income not greater than 80 percent AMI but at least 60 percent AMI. DHCD defines the sales price that is affordable to this group as an amount whereby the household mortgage payment requires it pay no more than 30 percent of its income for housing costs (principal, interest, property taxes, and insurance).

Please note that the resale price is based on a fair return on investment outlined above. If the resale price is not affordable to the reasonable range of low-income buyers, downpayment assistance and/or second mortgage assistance may be provided by DHCD and/or sub-recipients in order to assure affordability to the homebuyer.

VA will use deed restrictions or covenants running with the land to impose the resale and continued affordability requirements as outlined in §92.254(a)(5)(i)(A) of the HOME Rule.

Noncompliance

During the period of affordability, the owner’s compliance with the principal residency requirement will be monitored. A homebuyer is noncompliant with the HOME affordability requirements if he/she fails to reside in the unit as their principal residence without transferring title (i.e., by either vacating or renting the unit to another occupant), or if he/she sells the property without complying with the applicable resale or recapture provision. In the event of noncompliance, DHCD reserves the right to require the buyer to repay the entire HOME investment (including the direct subsidy and any additional development subsidy provided).

4. Plans for using HOME funds to refinance existing debt secured by multifamily housing that is rehabilitated with HOME funds along with a description of the refinancing guidelines required that will be used under 24 CFR 92.206(b), are as follows:

HOME funds will not be used to refinance existing debt secured by multifamily housing that is

rehabilitated with HOME funds.

**Emergency Solutions Grant (ESG)
Reference 91.320(k)(3)**

1. Include written standards for providing ESG assistance (may include as attachment)

The commonwealth requires that all ESG sub-grantees submit to DHCD written standards (policies and procedures) for providing ESG assistance. At a minimum, written standards must be low-barrier and housing focused. The standards are required to cover process for determining program eligibility, prioritization, and level of assistance; confidentiality procedures; conflict of interest policies; data collection requirements; as well as applicable federal and state regulations (fair housing, involuntary separation, ADA, etc.).

2. If the Continuum of Care has established centralized or coordinated assessment system that meets HUD requirements, describe that centralized or coordinated assessment system.

All CoCs, Balance of State local planning groups, and all DHCD homeless services grantees must use a local centralized or coordinated assessment/entry system. A local centralized or coordinated assessment/entry system is best practice for a housing-focused approach targeted to helping households experiencing homelessness quickly regain stability in permanent housing. This best practice is also essential to help divert, where possible, households seeking homeless services from shelter – preventing new cases of homelessness.

A centralized or coordinated assessment/entry system must:

- Provide coordinated program participant intakes, assessments, and referrals
- Cover the CoC or local planning group geographic area
- Provide easy access for individuals and families seeking housing or services
- Provide a comprehensive and standardized assessment tool

Each centralized or coordinated assessment system must have in place written standards for determining program eligibility, prioritization, and level of assistance. Each system must conduct regular evaluations to determine overall effectiveness for process improvement measures.

CoCs and local planning groups must provide a local method and point-of-contact appropriate for referrals from state agencies and providers outside of their CoC or local planning group. This contact must directly link individuals or providers to the centralized or coordinated assessment system.

3. Identify the process for making sub-awards and describe how the ESG allocation available to

private nonprofit organizations (including community and faith-based organizations).

The commonwealth will make sub-awards through a CoC-based application process. CoCs must submit applications for funding through DHCD's online Centralized Applications and Management System (CAMS). The application will be reviewed by a panel and evaluated based on local need, capacity, approach, and local coordination. Applications will identify specific grantees within the CoC to carry out eligible activities. DHCD will contract directly with these grantees. Both nonprofits and units of local government are eligible grantees. Faith-based organizations are required to have separate 501 c 3 status established to meet eligibility requirements. DHCD will monitor individual grantees. Performance measures will be evaluated on both the grantee and CoC level.

4. If the jurisdiction is unable to meet the homeless participation requirement in 24 CFR 576.405(a), the jurisdiction must specify its plan for reaching out to and consulting with homeless or formerly homeless individuals in considering policies and funding decisions regarding facilities and services funded under ESG.

Not applicable to state grantees.

5. Describe performance standards for evaluating ESG.

Performance measures are evaluated on both the grantee and CoC level. Specifically DHCD's goals are to reduce the number of individuals experiencing homelessness, to shorten the length of time people experience homelessness, and to reduce the number of individual returning to homelessness.

DHCD has had each CoC and local planning group provide an annual Homeless Outcomes Community Report to include HMIS and non-HMIS participant data. This report aligns with HUDs System Performance Measures report and is used to rate the performance of each CoC/LPG's crisis system and impacts state funding decisions including ESG.

Housing Trust Fund (HTF)

1. How will the grantee distribute its HTF funds? Select all that apply:

☒ Applications submitted by eligible recipients

2. If distributing HTF funds through grants to subgrantees, describe the method for distributing HTF funds through grants to subgrantees and how those funds will be made available to state agencies and/or units of general local government. If not distributing funds through grants to subgrantees, enter "N/A".

Not applicable.

3. If distributing HTF funds by selecting applications submitted by eligible recipients,

a. Describe the eligibility requirements for recipients of HTF funds (as defined in 24 CFR § 93.2). If not distributing funds by selecting applications submitted by eligible recipients, enter "N/A".

Eligibility requirements are as follows:

- Must be an organization, agency, or other entity (including a public housing agency, or a for-profit entity or a nonprofit entity)
- Must be owner or developer of proposed project
- Must agree to comply with NHTF requirements and all cross-cutting federal requirements
- Must demonstrate the financial capacity to undertake and manage the project development and long-term compliance)
- Must have experience with development and management of similar projects (project type, funding/regulatory requirements, and target population)

b. Describe the grantee's application requirements for eligible recipients to apply for HTF funds. If not distributing funds by selecting applications submitted by eligible recipients, enter "N/A".

Applicant must be an eligible organization with eligible projects. Applications must be submitted in CAMS through the Affordable and Special Needs application by the due date. Please see program guidelines and/or the methods of distribution for more details.

c. Describe the selection criteria that the grantee will use to select applications submitted by eligible recipients. If not distributing funds by selecting applications submitted by eligible recipients, enter "N/A".

DHCD will select applications using a competitive application process that evaluates proposals on the criteria listed below. Please note there are several individual measures included under each of these basic criteria:

- Meeting critical local need (worth 40 points)
- Feasibility – likelihood of projects coming to a timely, successful completion and likelihood of compliance through affordability period (worth 30 points)
- Developer capacity –ability to successfully complete projects and deliver affordable housing (worth 30 points)
- Minimum of 60 out of 100 points required as threshold for funding

Please see the Affordable and Special Needs Housing program guidelines for more details.

d. Describe the grantee’s required priority for funding based on geographic diversity (as defined by the grantee in the consolidated plan). If not distributing funds by selecting applications submitted by eligible recipients, enter “N/A”.

Describe the basis for allocating investments geographically within the state: Virginia’s project selection process is an open and competitive application where eligible applicants submit project proposals and all proposals meeting threshold requirements are reviewed and scored. Priority and scoring preferences are given to high quality projects meeting the highest needs based on income targeting and local market needs. Please see the methods of distribution for more details.

e. Describe the grantee’s required priority for funding based on the applicant's ability to obligate HTF funds and undertake eligible activities in a timely manner. If not distributing funds by selecting applications submitted by eligible recipients, enter “N/A”.

Overall project readiness is evaluated under elements of feasibility (see above). DHCD's application review process is designed to score projects relatively higher based on the degree to which the project is positioned to proceed in a timely manner.

Overall development team capacity is evaluated under elements of capacity (see above). DHCD's application review process is designed to score applications relatively higher based on the degree to which the development team has demonstrated success with similar projects. Project management’s experience managing similar projects is also a scoring criteria under overall capacity.

f. Describe the grantee’s required priority for funding based on the extent to which the rental project has Federal, State, or local project-based rental assistance so that rents are affordable to extremely low-income families. If not distributing funds by selecting applications submitted by eligible recipients, enter “N/A”.

Applications including rental assistance receive points under the Need criteria (above).

g. Describe the grantee's required priority for funding based on the financial feasibility of the project beyond the required 30-year period. If not distributing funds by selecting applications submitted by eligible recipients, enter "N/A".

DHCD is not currently considering affordability beyond the required 30 years.

h. Describe the grantee's required priority for funding based on the merits of the application in meeting the priority housing needs of the grantee (such as housing that is accessible to transit or employment centers, housing that includes green building and sustainable development features, or housing that serves special needs populations). If not distributing funds by selecting applications submitted by eligible recipients, enter "N/A".

Project must include units targeted at 30 percent or below to be eligible. Those projects also including units targeted to special needs population will receive scoring preference under the Need criteria (above). In addition, applicants receive points under Need (above) for green-building certification, universal design elements, exceeding accessibility (504) requirements, and access to community based services.

i. Describe the grantee's required priority for funding based on the extent to which the application makes use of non-federal funding sources. If not distributing funds by selecting applications submitted by eligible recipients, enter "N/A".

Typically, projects require multiple funding sources in order to address cash flow needs. Applications are evaluated based on the degree to which the requested funds are needed in the project, the degree to which other funding commitments are in place, and the degree to which these funds will help to leverage other resources. Projects that leverage a diversity of resources will be given a scoring preference.

4. Does the grantee's application require the applicant to include a description of the eligible activities to be conducted with HTF funds? If not distributing funds by selecting applications submitted by eligible recipients, select "N/A".

Yes

5. Does the grantee's application require that each eligible recipient certify that housing units assisted with HTF funds will comply with HTF requirements? If not distributing funds by selecting applications submitted by eligible recipients, select "N/A".

Yes

6. Performance Goals and Benchmarks. The grantee has met the requirement to provide for performance goals and benchmarks against which the grantee will measure its progress, consistent with the grantee's goals established under 24 CFR 91.315(b)(2), by including HTF in its housing goals in the housing table on the SP-45 Goals and AP-20 Annual Goals and Objectives screens.

Yes

7. Maximum Per-unit Development Subsidy Amount for Housing Assisted with HTF Funds.

Enter or attach the grantee's maximum per-unit development subsidy limits for housing assisted with HTF funds.

The limits must be adjusted for the number of bedrooms and the geographic location of the project. The limits must also be reasonable and based on actual costs of developing non-luxury housing in the area.

If the grantee will use existing limits developed for other federal programs such as the Low Income Housing Tax Credit (LIHTC) per unit cost limits, HOME's maximum per-unit subsidy amounts, and/or Public Housing Development Cost Limits (TDCs), it must include a description of how the HTF maximum per-unit development subsidy limits were established or a description of how existing limits developed for another program and being adopted for HTF meet the HTF requirements specified above.

The maximum per-unit subsidy limits for the NHTF will be set at HUD's applicable limits for the to the HOME program. These will be applied statewide and are adjusted by the number of bedrooms per unit. These limits are currently as follows:

Maximum Subsidy Limits

0-Bedroom \$140,107

1-Bedroom \$160,615

2-Bedroom \$195,304

3-Bedroom \$252,662

4+-Bedroom \$277,344

The decision to use the HOME subsidy limits and apply them statewide is based on an analysis of actual development costs for properties in Virginia where there was little variation in average project costs during 2010- 2018 across the state's counties.

Please note that in addition to the subsidy limit, DHCD also applies a subsidy layering analysis to assure that the level of subsidy does not exceed the actual allowable development costs of the unit, that the costs are reasonable and in line with similar projects across the state, that the developer is not receiving excessive profit, and that the NHFT funding does not exceed the amount necessary for the project to be successful for the required 30-year affordability period.

While Virginia does not include any geographic priorities for funding, funding requests are evaluated based on local needs/demand relative to all applications submitted for review.

8. Rehabilitation Standards. The grantee must establish rehabilitation standards for all HTF-assisted housing rehabilitation activities that set forth the requirements that the housing must meet upon project completion. The grantee's description of its standards must be in sufficient detail to determine the required rehabilitation work including methods and materials. The standards may refer to applicable codes or they may establish requirements that exceed the minimum requirements of the codes. The grantee must attach its rehabilitation standards below.

In addition, the rehabilitation standards must address each of the following: health and safety; major systems; lead-based paint; accessibility; disaster mitigation (where relevant); state and local codes, ordinances, and zoning requirements; Uniform Physical Condition Standards; and Capital Needs Assessments (if applicable).

9. Resale or Recapture Guidelines. Below, the grantee must enter (or attach) a description of the guidelines that will be used for resale or recapture of HTF funds when used to assist first-time homebuyers. If the grantee will not use HTF funds to assist first-time homebuyers, enter "N/A".

Not applicable.

10. HTF Affordable Homeownership Limits. If the grantee intends to use HTF funds for homebuyer assistance and does not use the HTF affordable homeownership limits for the area provided by HUD, it must determine 95 percent of the median area purchase price and set forth

the information in accordance with §93.305. If the grantee will not use HTF funds to assist first-time homebuyers, enter "N/A".

Not applicable.

11. Grantee Limited Beneficiaries or Preferences. Describe how the grantee will limit the beneficiaries or give preferences to a particular segment of the extremely low- or very low-income population to serve unmet needs identified in its consolidated plan or annual action plan. If the grantee will not limit the beneficiaries or give preferences to a particular segment of the extremely low- or very low-income population, enter "N/A."

Any limitation or preference must not violate nondiscrimination requirements in § 93.350, and the grantee must not limit or give preferences to students. The grantee may permit rental housing owners to limit tenants or give a preference in accordance with § 93.303(d)(3) only if such limitation or preference is described in the action plan.

Any limitation or preference must not violate nondiscrimination requirements in § 93.350, and the grantee must not limit or give preferences to students. The grantee may permit rental housing owners to limit tenants or give a preference in accordance with § 93.303(d)(3) only if such limitation or preference is described in the action plan.

DHCD will give scoring preference to projects that will include more than the minimum 504 units and also to those that target special needs population. Targeting units to special needs populations has been identified as a need and a goal in the annual action plan.

12. Refinancing of Existing Debt. Enter or attach the grantee's refinancing guidelines below. The guidelines describe the conditions under which the grantee will refinance existing debt. The grantee's refinancing guidelines must, at minimum, demonstrate that rehabilitation is the primary eligible activity and ensure that this requirement is met by establishing a minimum level of rehabilitation per unit or a required ratio between rehabilitation and refinancing. If the grantee will not refinance existing debt, enter "N/A."

Not applicable.
